

Even Olaf Q

knows, no free lunch  
as Scandinavia lurches  
to bankruptcy, cradle

to grave. Tops in quality  
of life? Yeah, uh huh?  
Socialist survey slop!

Almost past disquieting:  
obsessions with sex.  
Must be the cold.

Well everything gets old,  
and we need moral fibre

to murder ragtops,  
thus saving your frozen ass.
